## SELECTMEN'S NARRATIVE

Some years ago, in the not too distant past, the Selectmen met every other week. A simpler time when contracts were verbal, sealed with a handshake, has passed.

Budgets also have not been spared the costs of the times. It is hard to control spending when so much is outside the jurisdiction of the Selectmen. County taxes soar as does the cost of SAU 24. These costs are just "plugged into" our Town's costs. What is really left for us to decide upon?

The one opportunity that we have for savings is through recycling. Don't be fooled into thinking we can make money, but we can realize savings by cost avoidance. Over 40% of the bulk in our waste is paper. Recycling removes this from the waste stream. Aluminum cans have a cash value, as does copper. We hope that voluntary recycling will save money and the environment, thus it has the complete backing of the Selectmen's Office.

The Fall of 1989 will bring the State in for their long awaited revaluation of Real Property. This may take up to 18 months to complete. No one is more aware than we are of the growing disparities and we appreciate the patience that most have demonstrated.

As we have promised, substantial repairs have been made to Town roads and bridges. Much more needs to be done. We are presenting Warrant Articles this year for reconstruction of two Town roads. Kings' Highway and Shedd Hill Road are beyond the point of patching. The School Hill Road, although widened, still needs to be paved. We cannot continue to defer these repairs mentioned and we have many other projects to address.

Respectfully submitted,

*Harry R. Power, Chairman*

*John D. Halter,*

*James T. D'Arcy, Jr.*

## **TOWN OF STODDARD**

### **Town Warrant**

**The polls will be open from 1:00 PM to 7:00 PM**

*To the inhabitants of the Town of Stoddard in the said County of Cheshire in the State, qualified to vote in Town Affairs:*

You are hereby notified to meet at the Town Hall in said Stoddard on Tuesday the fourteenth day of March, next at 1:00 of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To see if you are in favor of adopting the proposed amendments and additions to the Community Planning (Zoning) Ordinance as proposed by the Stoddard Planning Board. (No discussion on the Article)

**You are hereby notified to meet at the Town Hall in said Stoddard on Tuesday the Twenty-first day of March, next at 7:00 in the evening, to act upon the following articles 3 through 36:**

- #3. To see if the Town will vote to raise and appropriate the sum of \$86,560 to defray Town Charges for the ensuing year.
- #4. To see if the Town will vote to authorize the Selectmen and Treasurer to borrow money in anticipation of taxes if necessary.

## REPORT OF DAVID PUBLIC LIBRARY

The Library was open from 7:00 to 9:00 p.m. on Thursday evenings during 1988. The elementary school children visit the library on Tuesday afternoons. In addition to the Thursday evening hours, the library will be open from 9:00 to 10:00 a.m. on Saturday mornings during the summer months.

An electronic typewriter was acquired during 1988 and may be used by library patrons at the library. We have rejoined the Internal Revenue Service tax forms program. Tax forms and instructions are now available at the library. Our annual book sale was held during Old Home Days in July and was once again a great success. Jim Taylor continues to serve as library assistant.

We extend our thanks to all those people who made donations during 1988. They included *Ruth Athearn, Nancy Bailey, Charles Chandler, Mary Conklin, Eunice Fiske, Mrs. Robert Haven, Henry Klie, Susan Loman, Barbara Rockwell, Alan Rumrill, Lena Vaillencourt* and several anonymous donors. A special thanks goes to *Charles Chandler* for his donation of a dictionary stand.

*Frances Rumrill, Librarian*

## AUDITOR'S REPORT

We hereby certify that we have examined the records of the Selectmen, Town Clerk, Tax Collector, Treasurer, Trustees of Trust Funds, Library Trustee, and Boat Permit Fee Agent of the Town of Stoddard, NH for the year ending December 31, 1987. In our opinion, the aforementioned records, together with their financial statements and auditor's report present fairly the financial position and the results of its operations and changes in its financial position for the year ended, in conformity with generally accepted accounting principles, applied using cash basis methods consistent with that of the preceding year.

Verification letters were sent to 100% of the unpaid tax bills as of February 20, 1988 with request for responses for incorrect bills only. Copy of letter attached.

## STODDARD FIRE & RESCUE

In 1988 the Stoddard Fire & Rescue Department has had a busy and productive year. Through recruiting and training, we have several new members and some older members have become more active.

We have increased our 'in Town' training and have had good participation in other Certified Fire and Rescue courses.

We have been able to update and increase some of our equipment both through donations and our budget. Some of the items purchased are a Stokes Basket for Rescue, a small generator for on the scene lighting and power tools and replacement of the last of our 20 year old fire hose. We have also replaced some protective clothing and worn out pump suction hose.

We responded to a total of 49 calls in 1988, they break down as follows: 4 false alarms, 1 Mutual Aid response, 19 medical assists, 1 car fire, 6 car accidents, 8 Fire calls and 8 brush fires.

You will notice an increase in Capital Reserve this year towards a New Tanker Truck in the future. Currently we are using a retrofitted, retired Army truck. We expect no more than 5 years of service out of this truck. This increase is in keeping with last years plan discussed at town meeting.

There will also be some repair needed on Engine 4 sometime in the next year or two on the tank and tank supports, otherwise we find ourselves in very good shape.

Again we would like to offer an invitation to come down and look around anytime.. We also are interested in talking to prospective new members.

*Respectfully submitted,

**REPORT OF TOWN FOREST FIRE WARDEN & STATE FOREST RANGER**

Between July 1987 and June 1988, we experienced more fires than normal. The three leading causes of forest fires were again children, fires kindled without written permission of a Forest Fire Warden and debris burning. All causes are preventable, but only with **your** help.

Please help our town and state forest fire officials with forest fire prevention. Contact your Forest Fire Warden for more information.

Enforcement of a state timber harvest regulation is the responsibility of State Forestry officials. Our state has excellent timber harvest regulations; however, your assistance is needed.

If you know of a logging operation and suspect a state timber harvest law may be violated, call your Forest Fire Warden, Concord Forest Protection Headquarters at (603)271-2217, or local Forest Ranger.

On January 1, 1989, the Deceptive Forestry Business Practices Law (RSA 224:54) goes into effect. This law, in summary, states that a person is guilty of a misdemeanor if, in the course of buying or selling a forest product, uses a false weight or measure for falsely determining any quality or quantity of a forest product. For more information, contact one of the persons mentioned above.

**STODDARD ZONING BOARD OF ADJUSTMENT**

The Zoning Board of Adjustment continues to hear requests for variances and special exceptions. Vacancies were created on the Board by the resignation of John Lightbody, Jr. and the passing of the late Charles Eaton. New members are Robert Cowie and Cindy Bohl. Positions are open for two alternates. The Zoning Board of Adjustment incurred no legal expenses during 1988.

## REPORT OF THE STODDARD CONSERVATION COMMISSION

Stoddard received some 60 dredge & fill applications during this year. Most of these were as a result of the drawdown of Highland Lake. The Conservation Commission (CC) would like to point out that the Wetlands Board does not grant everything applied for. One example they routinely deny is putting retaining walls farther out in the lake to create new land above the water line. Application for permits are obtained from the Town Clerk. Permits issued must be signed and posted for public view.

There follows quotes from portions of RSA 483-A "Fill and Dredge in Wetlands". 483-A:1.I "... No person shall excavate, remove, fill, dredge or construct any structure in or on any bank, flat, marsh, or swamp in and adjacent to any waters of the State without written notice of his intention ... to the wetland board ... 483-A:1-a Definition: "II Wherever fresh water flows or stands ... including the portion of any bank or shore which borders such surface waters, and to any swamp or bog subject to periodic flooding ... including the surrounding shore ..."

The CC began State Assisted Lay Lake Monitoring this summer. Ideally each lake should be monitored 3 times a summer at monthly intervals. In 1988 we were able to do Highland Lake twice, Island and Center Ponds once. We hope to do the full treatment in 1989. The Granite Lake Association plans in 1989 to do the same for Granite Lake.

The tests are done at different depths in each lake's deep spot, and at various inlets and outlets around the lake. Parameters measured for are as follows: temperature & dissolved oxygen, transparency, chlorophyll-a, total phosphorus, electrical conductivity, color, PH and alkalinity. These are put together to give a baseline profile of each lake and over time show trends, developing problems, and existing problems. The CC has a report on each lake from the Biology Bureau of DES, and a public forum will be held in the springtime with general explanations of significance.

One CC member attended the annual meeting of NHACC and 2 attended a workshop on the LCIP/Trust for NH Lands. This is an important tool for conservation that needs to be utilized in Stoddard. The CC wishes to assist interested persons, but need not be the prime mover of this program.

Respectfully submitted,

*Jane Abert*, Chairman - term expires 1991

*John Lightbody Jr.* - term expires 1991

## LAY LAKE MONITORS

Special Thanks for Transportation:

On the water: *Robert Hahn, Helen Sanders, Roger Wood, Jr., Cindy Bohl*

Over the road (to Concord): *Barbara Jones, Frances Wood*

Working on the testing: *Jane Abert, Joseph Coughlin, Diana Duplissie, Barbara Jones, Kimberly Rumrill*

Fun and Frolic combined with serious testing of Lake water - VOLUNTEERS are needed. If you have about 3 hours of time either June, July or August or all 3 you can help and learn the science of water testing!

Submitted by,

*Diana Duplissie, Secretary Conservation Commission*

The Selectmen wish to thank all those volunteers mentioned above and especially Diana for handling of the Lay Testing, soliciting volunteers and for her report. THANKS!

## REPORT OF ANIMAL CONTROL OFFICER

The year 1988 saw a dramatic increase in the number of calls for Animal Control. While only 79 calls required response by the officer, there were over 100 calls that were handled by phone. This would indicate that residents are aware that immediate contact when their animal is missing from home generally results in the animal being returned safely.

We are very sad to have lost the services of Cynthia Merchant who was the Animal Control Officer for Stoddard since 1980. But we are grateful for the many years of dedicated service that she provided and know that she continues to care for the well-being of all the animals in Town.

If anyone needs hay for dog coops, please contact the Animal Control Officer. Dogs left outside in the winter months appreciate this bedding for warmth. Also remember that an outdoor dog may need an increase in feed as his body uses extra energy to fend off the cold.

We appreciate the cooperation shown by the Town's residents throughout the year.

Respectfully submitted,

*Joan Zelasny, Animal Control Officer*

## STODDARD OLD HOME DAY COMMITTEE REPORT

The 1988 annual celebration of Stoddard Old Home Days was once again a success due to the support and efforts of local residents and organizations.

This year's celebration started Friday July 15, 1988 with a supper sponsored by the Stoddard Congregational Church. Following the supper, a Contra Dance was held at the Town Hall with music and calling performed by Dudley Laufman. Saturday's events included a parade complete with floats, children's participation, Hill's Band Wagon, antique cars and Fire Engines. Shortly after the parade the events of the day fell into place with public buildings open for tours and various sales. The rescue squad held a Bazaar in the Town Hall and the Women's Fellowship had a sale. This year's children's activities were enjoyed by young and old alike as Odds Bodkin, the talesman, depicted stories of far away lands and unique recipes. Subsequent to the afternoon children's games, a Quilt display was taking place at the Barbour-Thomas Homestead and the Stoddard Fire Department's annual chicken barbecue was warming up for another delicious country style cookout. Saturday evening featured a fascinating slide show "People You Know Picture Show" presented with music by Stacy Eaton. Later in the evening the Town Hall moved to the music of Disc Jockey, Steven Hadd, who not only played fortyfives but also included a few contests to his show. The weekend celebration ended Sunday with a church service at the Stoddard Congregational Church and a volleyball game at the Faulkner Elementary School.

Thank you once again for your contributions and support which helped to make this celebration possible.

Respectfully submitted,  
*Carol Clark*, Chairman  
*Kimberly Rumrill*, Secretary  
*Barbara Cutting*, Treasurer

## STODDARD POLICE DEPARTMENT

Nineteen eighty-eight turned a new page for the Town of Stoddard and your Police Department. Instead of reading about drugs in the newspaper, or watching the evening news, the story has come into our own front yard.

In September, we uprooted and destroyed just under 1000 mature marijuana plants from an obscure location in South Stoddard. Although many may believe that this is an isolated incident, we have information that leads us to the conclusion that we have just hit the tip of the iceberg. For this reason, we ask all of you, particularly hunters, and those who walk the woods, to keep your eyes and ears open.

In October, the New Hampshire Highway Safety Agency loaned us a radar gun and speed display board for one week. Although weather conditions limited the amount of work with these tools, our suspicions were confirmed that we have a speed problem, particularly in the village. We will be borrowing this unit again between Memorial Day and the Fourth of July, and will try to notify the townspeople of the exact date so that you can check your speedometers.

Speaking of the Fourth of July, our fireworks display was a feature on the Channel 21 TV weekend report. The camera team spent the day with us, and taped the display and featured many local residents.

At this time we would like to once again thank Dr. Betsy Olson and Keryl Olson for the use of their beach adjacent to Island Pond. This has enabled us to have a safety barrier and affords the townspeople a better view of the display. We would also like to thank Brian Murray and Dawn Hinckley for

their assistance with traffic control.

During the spring and early summer, we encountered numerous cases of criminal mischief and vandalism, some of which were cleared, and many which are still under investigation. Virtually all of these cases were done by juveniles, which brings me to an old theme. We live in the "sticks". The presence of or access to many activities are limited. With the ongoing increase of children in town, we have got to consider alternatives for the children, such as a ball field, playground, or community center. The investment of any or all of these items would be minimal, and short term. The cost of doing nothing will be felt for generations at an ever increasing price. We can continue to solve cases, but we believe this would help us in solving the problem.

We are going to request the hiring of an additional officer this year. With the new requirements mandated by the Police Standards & Training Council, we believe we are looking at between one and two years before this individual would be able to work. The applications are several pages, background checks extensive, and mandatory training lengthy before a new officer would be able to answer a call. Hiring an officer now would simply be good sound, long-term planning.

With national figures now showing all levels of crime on the increase after a five-year slump, now, more than ever, we need your help. Particularly those who live near seasonal dwellings, which are the most vulnerable.

We will continue to do our job, but without your eyes, your ears, and your participation, our efforts are fruitless.

We thank all for your help in 1988 and look forward to serving you in the coming year.

Stoddard Police

## REPORT OF THE STODDARD PLANNING BOARD 1988

In 1988 the Stoddard Planning Board was rudely thrust into the world of major real estate development.

Stoddard voters resoundingly rejected a petitioned Cluster Housing Development amendment to the zoning ordinance at the March, 1988 meeting while adopting a series of amendments proposed by the Planning Board. The Pickerel Cove developer then filed a multi-million dollar lawsuit against the Town, the Planning Board, the Executive Director of the Southwest Regional Planning Commission advising the Board, and against all but one member of the Board individually.

During the spring and early summer, meetings of the Board were video recorded for posterity by both Daniel Eaton and Harry Power while the Board re-adopted the Land Use and Community Policies and Goals elements of the Master Plan. The voters reaffirmed the Community Planning Ordinance exactly as it had existed after the March 1988 vote and by a 10:1 margin again defeated the same petitioned Cluster Housing Amendment. The voters also indemnified the individual members of the Board and allowed the Board to propose Site Plan Review regulations.

The lawsuit continues at this time. Defending this lawsuit may cost the Town of Stoddard in excess of \$35,000 and a tremendous amount of time on the part of members of the Board in the coming year. The Board is proposing a Planned Residential Development Ordinance of their own for consideration by the voters in March 1989. Completed by the Board during the past year were amendments to the Subdivision Regulations including:

- A revised checklist for subdivision application completeness.

- New standards for subdivision road construction.

- New requirements triggering application of high intensity soils surveys for environmental purposes.

- Revision to use the new R.S.A. numbers.

New proposed amendments to the Community Planning Ordinance prepared by the Board for voter consideration in March 1989 include:

- Standards for waterfront development.

- Revisions to the General Dwelling Requirements for conversion apartments.

- Changes to the Article dealing with Commercial and Industrial uses of land.

- Changes to Article 6 concerning non-conforming lots.

- Changes in building permit fees.

- A new proposed Wetlands Conservation District Ordinance.

- A new Planned Residential Development Ordinance.

In addition, every subdivision application accepted by the Board was approved. The Board plans to complete and adopt the remaining unfinished elements of the Stoddard Master Plan by the early spring of 1989.

In a report issued in 1987, the Office of State Planning indicated that Stoddard would be the third fastest growing town in New Hampshire.

reaching a population of 1900 plus by the year 2010, far exceeding the growth rate of the Monadnock region. To achieve that growth, the town must increase at the rate of 14 new dwellings per year. Statistics on new dwelling permits furnished to the Board by the Office of Selectmen have indicated that 28 permits were issued for 1987 and 20 for 1988. Further evidence of the growth of the Town is demonstrated in the ever-increasing enrollment in the school, and extended road requirements.

These pressures for growth are not unique to Stoddard. It is expected that such demands will only increase in future years. If the existing character of the Town of Stoddard is to be maintained for future generations, continued careful planning is required. In the preparation of the remaining sections of the Master Plan, it has been pointed out to the Board that roughly 3% of the total land mass in Stoddard is ideally suited for development; a total of 14% is suited for development. Much of that 14% is not accessible by the present network of Class V roads in town. The overwhelming concentration of development remains along the shores of the lakes and ponds in Stoddard. Present development proposals indicate that this environmental pressure will continue.

In order to insure a process of orderly development and growth, while protecting our natural resources, and not subjecting the Town to unreasonable fiscal impacts, the Town must adopt sound land use ordinances, and, in an on-going process, continually update the existing ordinances. While it is the responsibility of the Planning Board to propose ordinances to the Town, it is the ultimate responsibility of the voters of the Town to decide which of those ordinances are approved. The Board proposes; the Town adopts. (It is also extremely important that those ordinances the voters wish to adopt be enforced by the Selectmen.) There is little point in achieving sound ordinances supported by the voters if they are not enforced or if proper procedures are not followed.

The stress of serving on the Board necessitates further participation on the Board by new members and alternates. It remains the responsibility of residents to serve the community on this Board, and others. Development pressure has made the participation by lawyers common, which is unfortunate and expensive, but will apparently be the general procedure of the future. Participation is very difficult, time consuming, complex, currently confrontational, divisive, and unrewarding to anyone without special interests. Threat of lawsuits against individual members attempting to serve the Town must certainly dampen enthusiastic participation, as has been demonstrated. Despite these situations, the Town must produce persons willing to serve under these conditions who do not have the slightest possibility of perceived conflicts of interest. We hope such individuals will come forward.

We know most of you have supported the Board and ask for your continued support.

Respectfully submitted,  
*Charles Fosberry*, Chairman  
Members of the Stoddard Planning Board

**STATE OF NEW HAMPSHIRE  
STODDARD SCHOOL DISTRICT  
1989 School Warrant**

To the inhabitants of the school district of Stoddard qualified to vote in district affairs:

You are hereby notified to meet at the Stoddard Town Hall in said district on the 2nd day of March, 1989 at eight o'clock in the evening to act upon the following subjects:

1. To choose by nonpartisan ballot the following school district officials:
  - A. One School Board Member - 3 year term.
  - B. One Moderator - 1 year term.
  - C. One Treasurer - 1 year term.
  - D. One Clerk - 1 year term.
  - E. One Auditor - 1 year term.
2. To see if the district will vote to raise and appropriate \$750,000 (seven hundred fifty thousand dollars) for the purposes of design, construction and related expenses of additional classroom and support space at the James M. Faulkner Elementary School; \$730,000 (seven hundred thirty thousand dollars) to be raised by the issuance of bonds or serial notes in accordance with the provisions of RSA 33 and further to see if the district will vote to appropriate to the purposes set forth in this article the balance and any accumulated income, approximately \$20,000 of the Capital Reserve Fund established in March of 1987 for the purpose of constructing school facilities, and further to appropriate to the purposes set forth in this article any interest or income earned on the proceeds from the sale of bonds or notes, or to take any other action in relation thereto.
3. To see if the district will vote to raise and appropriate \$11,700 (eleven thousand seven hundred dollars) for the purposes of leasing one portable classroom and for the purchase of a moveable classroom wall for the James M. Faulkner Elementary School or to take any other action in relation thereto.
4. To see if the district will vote to receive from the Town of Stoddard all the rights in the Old Town Road, so called, an abandoned town road that passes through the school district land in Stoddard, and to authorize the school board to convey to the Town of Stoddard, upon such terms and conditions as the selectmen and the school board may agree, an alternative easement or right of way as consideration for the transfer of the abandoned Old Town Road, or to take any other action in relation thereto.
5. To determine and appoint the salaries of the school board and fix compensation for any other officers or agents of the district, or to take any other action in relation thereto.
6. To see what sum of money the district will vote to raise and appropriate for the support of schools, and for the payment of salaries of school district officials and agents and for the payment of statutory obligations of the district, or to take any other action in relation thereto.

7. To hear the reports of agents, auditors and committees or officers chosen and pass any vote relating thereto.

8. To see what sum of money the district will vote to raise and appropriate to add to a Capital Reserve Fund established in 1987 to be used for the financing of all or part of the construction of school facilities needed in the future, or to take any other action in relation thereto.

9. To see if the district will vote to raise and appropriate the sum of \$12,000 (twelve thousand dollars) as a deficit appropriation for the 1988/89 school year, said amount to cover unanticipated costs incurred in the hiring of an additional teacher and teacher aide and in additional transportation costs, or to take any other action in relation thereto.

10. To see if the district will vote to authorize the school board to apply for, accept and expend without further action of the school district meeting, money from any source which becomes available during the fiscal year upon the following conditions:

a. The money must be used for the legal purposes for which the school district can appropriate money.

b. The school board must hold a public hearing on the action taken.

c. It shall not require the expenditure of additional school district funds.

This action is taken pursuant to the authority of RSA 198:20-b, or to take any other action in relation thereto.

11. To see whether the district will vote to indemnify and save harmless from loss or damage any person employed by the school district and any member or officer of its governing board or administrative staff from personal financial loss and expense, including reasonable legal fees and costs, if any, arising out of any claim, demand, suit, or judgement by reason of negligence or other act resulting in accidental injury to a person or accidental damage to or destruction of property in accordance with the provisions of RSA 31:105.

12. To transact any other business that may legally come before said meeting. Given under our hands at said Stoddard this \_\_\_\_\_ day of \_\_\_\_\_ 1989.

**NOTE:** This is a draft of the proposed warrant submitted for printing purposes prior to the actual deadline for completion of the warrant. Please consult officially posted warrants for the finalized version.

## REPORT FROM THE SUPERINTENDENT OF SCHOOLS

As we reach the close of the decade of the 80's and review the changes in SAU #24, the most significant change is that of growth in student population. We approach the 1990's with a new high school for John Stark Regional, the completion of a major building program at the Harold Martin School in Hopkinton and building projects pending in the remaining three districts of Henniker, Stoddard and Weare. All of our districts continue to experience growth with the greatest increase occurring in the elementary grades in Weare with a 22% growth rate over the past two years.

The need for additional building space is not the only outcome of population increases. We need additional staff, programs, buses, etc., to name a few. We continue to strive to meet the needs of the students while being cognizant of the other pressures facing the taxpayers who must support us. This is not a simple task! We are greatly appreciative of your continuing efforts on behalf of the students who reside in your communities.

Meeting the needs of our special students is a priority for us. Our goal is to provide educational opportunities for these students within their local schools. We are also developing programs for our gifted and talented students with enrichment activities for all. This year we received a special grant to offer seminars to our staff to assist in establishing enrichment programs for students.

It appears that the days are over when administrators could focus on the education of students. We now must attend to serious environmental issues posed by asbestos, radon, formaldehyde and whatever other toxic materials come next. We also encounter, on a daily basis, parents who are fearful for the safety of their children and who demand increased transportation services and other safety measures. We continually face sophisticated legal issues involving child custody arrangements, labor issues as teacher unions and teacher organizations become more active, changes in employees rights as related to insurance and other benefits ... each week brings a new issue to the forefront.

To help us in meeting our increased demand for services, Helene Laliberte Bickford has joined us as assistant superintendent. She is a very welcome addition to our staff.

The staff of the SAU #24 Office would like to thank our constituents for their support of the schools. We would especially like to thank all of our school board members who contribute greatly to the quality of the education that your students receive.

Respectfully submitted,  
*Dr. Cynthia E. Mowles*  
Superintendent of Schools

## STODDARD SCHOOL DISTRICT

### School Report

This fall the Stoddard School added a portable classroom. Grades 1, 2 and 3 are in the main building with Mrs. Siekierski and grades 4 and 5 are in the portable classroom with Mrs. Cutting. Some of the people who have contributed to the success of the school this year are: music teacher - Karen DesRosiers; art teacher - Eve Kenyon; nurse - Carol Hill; volunteer physical education teacher - Mary Conklin; and custodian - Phyllis Sawyer. Many thanks to the P.T.O. and newly formed Parents' Association for helping with, and funding, some of our special programs. Thanks also to Muriel Quist for her continued support. We welcome our new aides, Carol Clark and Priscilla Holland.

The educational program stresses math, metrics, health, social studies, science, physical education, music, art and computer languages. This year the primary reading curriculum consists of the Holt Basic Reading Program. This program offers a wide selection of high quality literature, poetry and art exposure, as well as many enrichment and enhancement materials. The intermediate language arts program has the following components: reading comprehension, grammar, structural skills, phonics, word meaning, dictionary skills, spelling, handwriting, capitalization and punctuation, dictation, creative writing and reading for enjoyment. Some subjects are taught in small grade level groups or done on an individual basis. We have done special projects such as: Olympic activities, a mock election, rocks and minerals, trees, "Stone Soup" play, and our school newspaper.

We have continued with the traditional programs of the past. In the spring we had Prize Speaking, Graduation and Memorial Day services. Our end of the year picnic was held at Granite Lake in June. Since school has started, we have had our annual Halloween costume party and Christmas program.

In cooperation with the Guidance Department at Keene Junior High School, several programs are planned for the fifth graders. These include: a slide presentation, a question and answer period, a visit to the junior high school and a special meeting to acquaint the parents with the school.

We have enjoyed many special programs this year; among them were slide presentations by I.F.Y.E. students. A lawyer, Steve Markiewicz, came to the school to talk to the intermediate students in celebration of Law week. We did a special project on News in Education, and as a result, we now publish a monthly school newspaper. The children continue to participate in the State of New Hampshire classroom fluoride mouth rinse program. Karen Richardson from the State Department did some preventative programs with the children on drug and alcohol abuse last spring.

I was able to obtain a \$900 grant from the New Hampshire Commission on the Arts for the 1988-89 school year. This program is jointly funded by the New Hampshire State Council on the Arts and the National Endowment for the Arts. Last spring Jim Kates, a poet, and Emily Birch, a sculptor, worked with the children doing poetry and totems. In early April

we had a "Celebration of Arts" night to share our works. Emily has worked with us this fall doing rabbits and totems. We did a sawdust firing and had an exhibit. Next spring we will be working on poetry with Jim Kates. A computer and printer were purchased with our Block Grant money.

I would like to thank the Island Pond Association for their gift of money to be given to some student/students for excellence. Thanks also to the P.T.O. for gifts of books and the Stoddard Partents' Association for a Science kit and several learning games and toys.

Again, thanks to the school board, parents and townspeople for their continued interest and support. Come and visit us. We are proud of our school.

Respectfully submitted,  
*Barbara K. Cutting*  
Administrative Assistant

## STODDARD SCHOOL DISTRICT School Board Report

The Stoddard School Board meets the first Thursday of each month at the James Faulkner Elementary School, at 7:00 p.m. Anyone wishing to appear before the board is asked to please contact a board member so that their name may be added to the agenda. The board encourages the parents and townspeople to participate.

Last year we hired a second teacher Ms. Cynthia Jones. She became quite ill during the first half of the year and resigned. After many substitutes and much parent support we hired Mrs. Nancy Siekierski. Mrs. Siekierski has a Masters degree in Curriculum Development and over 7 years of experience. We have had many positive comments concerning her, and hope she will become a long term addition to our school. Ms. Jones is doing well and has visited us on occasion. We would like to thank her for her efforts, and wish her well.

Last year we had proposed an addition to the School which was defeated in May. You instructed us to re-form a committee and obtain working drawings, and come back to you with bids in March of 1989. The building committee chaired by Melanie Miner has been working quite hard with the Architectural firm of Palhoff and Doyle. The proposed addition went to bid in December 1988.

After the NO vote last year on the addition, much discussion ensued about the space problems we have. It was decided that the best solution was to rent a portable classroom. Mrs. Cutting and the 4th and 5th graders are having a good year with slightly more space but definitely more privacy. We have not had the noise problems which plagued us with six grades in one classroom. Mrs. Siekierski has the 1st, 2nd and 3rd grades in the main building, this also is working well. The sixth grade was tuitioned to Keene, and from all reports they are doing fine.

Although the portable classroom has alleviated some problems this year, it is only a **band aid** solution to our space problems. We have had five additional children enter the Elementary School since June of 1988. The enrollment is now at 31. We hope you will attend the Bond Hearing Meeting on February 2nd, and the District Meeting on March 2nd, and support the Building Committee's Board's approved addition.

After reading last year's report we realized many things have happened in our School this past year. We hope that we have not missed anything. We would like to thank everyone for their support, both last year in some trying times and this year with the excitement of this new building project.

**1988 School Nurse Report**

The school health program during the 1987-88 calendar year included screenings in the following areas: height, weight, hearing, vision, and scoliosis (for the 4th and 5th grades.) Immunization records were reviewed to see that all students had the necessary immunizations to satisfy the state requirements. Families were notified if physician referral was advisable.

Head checks for lice were done monthly and on an on-call basis. An information sheet on lice was sent home with all students.

In the spring, there will be classes on drugs and adolescence for the older students and possibly personal hygiene or nutrition for the primary grades.

Respectfully submitted,  
*Carol M. Hill, R.N.*  
School Nurse

| D. One Clerk               | 1 year term |
| E. One Auditor             | 1 year term |

Brenda Vaillancourt moved to open the polls until 9:00 PM for the purpose of voting or until the close of the meeting, whichever came first. Phil Hamilton seconded. Motion carried.

The Moderator then declared a recess for the purpose of voting and at 8:30 PM continued with Article #2.

**Article #2 Additional Classroom Construction**

Phil Hamilton moved to take up Article #2 after Article #3-#7 had been addressed. Seconded by Brenda Vaillancourt and voted in the affirmative.

**Article #3 Salaries**

Phil Hamilton moved to determine and appoint the salaries of the school board and fix compensation for any other officers or agents of the district or to take any other action in relation thereto. Seconded by Gordon Garnett. Motion carried.

**Article #4 Budget**

Brenda Vaillancourt moved that the district vote to raise and appropriate the sum of \$377,855.00, (three hundred seventy-seven thousand, eight hundred fifty-five dollars), for the support of the schools and for the payment of statutory obligations of the district officials and agents and for the payment of the statutory obligations of the district or to take other action in relation thereto. Seconded by Gordon Garnet. Motion carried.

**Article #5 Reports**

Brenda Vaillancourt moved that the district accept the reports of agents, auditors and committees as printed in the Annual Report. Seconded by Kenneth Peate. Motion Carried.

**Article #6 Grants**

Brenda Vaillancourt motioned to see if the district will vote to authorize the school board to apply for, accept and expend without further action of the school district meeting, money from any source which becomes available during the fiscal year upon the following conditions:

- A. The money must be used for the legal purposes for which the school district can appropriate money.
- B. The school board must hold a public hearing on the action taken.

C. It shall not require the expenditure of additional school district funds.

This action is taken pursuant to the authority of RSA 198:20-b, or to take any other action in relation thereto. Rebecca Oke seconded. Motion carried.

#### **Article #7 Capitol Reserve Fund**

Brenda Vaillancourt motioned to see if the district will vote to raise and appropriate the sum of \$10,000. (ten thousand dollars) to add to a capitol reserve fund established in 1987 to be used for the financing of all or part of the construction of school facilities needed in the future or to take any other action in relation thereto. Seconded by Gary Oke. Motion carried.

#### **Article #2 Additional Classroom Construction**

To see what sum of money the district will vote to raise and appropriate for the purpose of design, construction and related expenses of additional classroom space at the James M. Faulkner Elementary School, these monies to be raised by the issuance of serial notes in accordance with the provisions of RSA 33 and further to see if the district will vote to appropriate to the purposes set forth in this article the balance and any accumulated income of the Capitol Reserve Fund established in March of 1987 for the purpose of constructing school facilities and further to appropriate to the purposes set forth in this article any interest or income earned on the proceeds from the sale of notes or to take any other action in relation thereto. (It is expected that this article will be taken up at an adjourned session of this meeting.) Phil Hamilton motioned to adjourn until May 5, 1988 at 8:00 PM to take action on Article #2. Brenda Vaillancourt seconded. After some discussion on the floor the motion was carried.

#### **Article #8 Other Business**

Phil Hamilton was given a round of applause for his many years serving the district as School Board Member.

There being no other business, the Moderator declared the meeting adjourned at 8:50 PM and that the polls were closed.
